“There are different ways to excavate soil. Most people think you’re just spraying water on the ground, but it’s a science — there’s a right way to do it.

“We’re here to stay. We’ve got a good **reputation**, and that makes me want to work even harder. The guys and I all have something to prove.”

Mike Morehouse, Owner  
 Davids Hydro Vac  
 White Bear Lake, Minn.
